MATH 20200-1XD. M,T,W,TH 3:20-5:00PM. NAC 5/126.

SUMMER 2018

INSTRUCTOR

Name:	John Adamski
Email:	john.adamski@gmail.com
Office:	NAC 6/294B
Office Hours:	After class and by appointment

COURSE INFORMATION

Text:	*Essential Calculus* 2nd edition by James Stewart, 2013. Cengage Learning (Brooks-Cole). ISBDN10: 1133112293, ISBDN13: 9781133112297
Websites:	johnadamski.com math.sci.ccny.cuny.edu/courses?name=Math_20200
Blackboard:	Will be used for posting grades only.
Academic Integrity:	https://www.ccny.cuny.edu/about/integrity

GRADES

40% 5 Quizzes on Tuesdays, lowest quiz grade will be dropped
20% Midterm Exam Tuesday 7/3/2018
40% Final Exam Wednesday 7/25/2018

OVERVIEW

Each lecture will begin with an opportunity for students to ask questions. Please ask questions! You can ask about specific homework exercises or ask for a quick review of a topic that is not yet mastered, or anything at all. Then we will learn new material and apply it to solving problems. Homework exercises will be assigned and posted to johnadamski.com. Please make time to work on homework exercises every day. It is essential that you practice consistently, and ideally you will work through all assigned exercises before the next class. If you go more than two lectures without doing homework, you are falling behind (and this is a slippery slope!). Homework will not be collected or graded, but detailed solutions will be posted. You are expected to compare your solutions to mine, and to ask questions whenever anything is unclear.

Quizzes will be taken every Tuesday and will cover the previous week's material. The cumulative midterm exam will be on Tuesday 7/3/2018. Quiz and exam questions will be based on assigned exercises. Ocassionally, questions will be taken directly from the homework. Calculators are not allowed to be used while taking quizzes or exams, although you may find it helpful to use a graphing device while studying. In general, no make-up quizzes or exams will be given.
